Mail Stop Petition
Commissioner for Patents
Post Office Box 1450
Alexandria, VA 22313-1450

RENEWED PETITION UNDER 37 CFR 1.137(b)

Sir:

This paper requests reconsideration of the decision dated June 28, 2005, dismissing the petition under 37 CFR 1.137(b), filed on May 23, 2005, to revive the above-captioned application. A petition for a two (2) extension of time to extend the due date for requesting reconsideration of the decision to October 28, 2005, is included herewith.

The decision states that the petition under 37 CFR 1.137(b), filed on May 23, 2005, to revive the above-captioned application (the petition to revive) was dismissed because it lacked the requisite reply under 37 CFR 1.113, e.g., a request for continued examination (RCE), an amendment that *prima facie* placed the application in condition for allowance, or a Notice of Appeal.

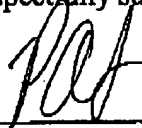

In order to correct this deficiency, submitted herewith is an RCE and an amendment and response to the Office Action dated September 10, 2002. These papers meet the reply requirement under 37 CFR 1.113. Also submitted herewith is a copy of the petition to revive filed on May 23, 2005.

In view of the foregoing, reconsideration of the decision dated June 28, 2005, dismissing the petition under 37 CFR 1.137(b), filed on May 23, 2005, to revive the above-captioned application, is respectfully requested.

Application No. 09/582,049

The Commissioner is hereby authorized to charge payment of any filing fees required under 37 CFR 1.16 and any patent application processing fees under 37 CFR 1.17, which are associated with this communication, or credit any overpayment to Deposit Account No. 50-2061.

Respectfully submitted,

Instruction Sheet for RCEs

(not to be submitted to the USPTO)

NOTES:

An RCE is not a new application, and filing an RCE will not result in an application being accorded a new filing date.

Filing Qualifications:

The application must be a utility or plant application filed on or after June 8, 1995. The application cannot be a provisional application, a utility or plant application filed before June 8, 1995, a design application, or a patent under reexamination. See 37 CFR 1.114(e).

Filing Requirements:

Prosecution in the application must be closed. Prosecution is closed if the application is under appeal, or the last Office action is a final action, a notice of allowance, or an action that otherwise closes prosecution in the application (e.g., an Office action under *Ex parte Quayle*). See 37 CFR 1.114(b).

A submission and a fee are required at the time the RCE is filed. If reply to an Office action under 35 U.S.C. 132 is outstanding (e.g., the application is under final rejection), the submission must meet the reply requirements of 37 CFR 1.111. If there is no outstanding Office action, the submission can be an information disclosure statement, an amendment, new arguments, or new evidence. See 37 CFR 1.114(c). The submission may be a previously filed amendment (e.g., an amendment after final rejection).

WARNINGS:

Request for Suspension of Action:

All RCE filing requirements must be met before suspension of action is granted. A request for a suspension of action under 37 CFR 1.103(c) does not satisfy the submission requirement and does not permit the filing of the required submission to be suspended.

Improper RCE will NOT toll Any Time Period:

Before Appeal - If the RCE is improper (e.g., prosecution in the application is not closed or the submission or fee has not been filed) and the application is not under appeal, the time period set forth in the last Office action will continue to run and the application will be abandoned after the statutory time period has expired if a reply to the Office action is not timely filed. No additional time will be given to correct the improper RCE.

Under Appeal - If the RCE is improper (e.g., the submission or the fee has not been filed) and the application is under appeal, the improper RCE is effective to withdraw the appeal. Withdrawal of the appeal results in the allowance or abandonment of the application depending on the status of the claims. If there are no allowed claims, the application is abandoned. If there is at least one allowed claim, the application will be passed to issue on the allowed claim(s). See MPEP 1215.01.

See MPEP 706.07(h) for further information on the RCE practice.
